The Encyclopedia Britannica

The first edition of The Oxford Companion to English Literature, edited by Sir Paul Harvey, was published in 1932, and quickly established itself as the standard reference for scholars, students, and general readers alike. In 1985, under the editorship of Margaret Drabble, the text was thoroughly and sensitively revised to bring it up to date without losing its essential character, or the lightness of touch that made it such a pleasure to dip into. The sixth edition, published in 2000, was extensively revised, expanded, and updated. Almost 600 new entries covered new writers, genres, and issues, and existing entries were reworked to incorporate the latest scholarship. The text was written by a team of more than 140 contributors under Margaret Drabble's editorial direction, including Brian Aldiss, Lisa Appignanesi, Jonathan Coe, Penelope Fitzgerald, Roy Porter, and Salman Rushdie. In addition to the extensive coverage of writers, works, literary theory, allusions, and characters, there are sixteen featured entries on key topics including black British literature, fantasy fiction, and modernism. The Companion remains an unrivaled work that places English literature in its widest context: no other book offers such extensive exploration of the classical roots of English literature, and the European and non-European works and writers that have influenced its development. The sixth edition is now being reissued to ensure that it remains absolutely up to date: the invaluable appendices - the chronology, and lists of winners of major literary awards - have been updated, as have many of the entries. Informed by the latest scholarly thinking, and comprehensively cross-referenced to guide the reader to topics of related interest, the Companion retains its position as the best guide to English literature available.

A Study Guide for Richard Lovelace's "To Althea, from Prison," excerpted from Gale's acclaimed Poetry for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Poetry for Students for all of your research needs.

Volume 2.

The fundamental subject of A. D. Nuttall's bold and daring first book, Two Concepts of Allegory, is a particular habit of thought—the practice of thinking about universals as though they were concrete things. His study takes the form of an inquiry into certain conceptual questions raised, in the first place, by the allegorical critics of The Tempest, and, in the second place, by allegorical and quasi-allegorical poetry in general. The argument has the further consequence of suggesting that allegory and metaphysics are in practice more closely allied than is commonly supposed. This paperback reissue includes a new preface by the author.

A Study Guide for Richard Lovelace's "To Lucasta, Going to the Wars," excerpted from Gale's acclaimed Poetry for Students. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Poetry for Students for all of your research needs.

In this survey of the literature of her special period, Dame Veronica Wedgwood manifests her quality as a critic whose firm standards of judgment are founded upon a generous interest in both major and minor writers. -- From publisher's description.

Charles Lutwidge Dodgson—known better by his pseudonym, Lewis Carroll—was a 19th century English logician, mathematician, photographer, and novelist. He is especially remembered for his children's tale Alice's Adventures in Wonderland and its sequel, Through the Looking Glass. The Cambridge History of English Literature: Cavalier and Puritan

The "Gentleman's magazine" section is a digest of selections from the weekly press; the "(Trader's) monthly intelligence" section consists of news (foreign and domestic), vital statistics, a register of the month's new publications, and a calendar of forthcoming trade fairs.
