General and Writing Questions

Language description enriches linguistic theory and linguistic theory sharpens language description. Based on evidence from the world's languages, functional-typological linguistics has established a number of thorough generalizations about the nature of language.

The Blue Book of Grammar and Punctuation

Introducing Functional Grammar, third edition, provides a user-friendly overview of the theoretical and practical aspects of the systemic functional grammar (SFG) model. No prior knowledge of formal linguistics is required as the book provides: An opening chapter on the purpose of linguistic analysis, which outlines the differences between the two major approaches to grammar - functional and formal. An overview of the SFG model - what it is and how it works. Advice and practice on identifying elements of language structure such as clauses and clause constituents. Numerous examples of text analysis using the categories introduced, and discussion about what the analysis shows. Exercises to test comprehension, along with answers for guidance. The third edition is updated throughout, and is based closely on the fourth edition of Halliday and Matthiessen's Introduction to Functional Grammar. A glossary of terms, more exercises and an additional chapter are available on the companion website at: www.routledge.com/cw/thompson. Introducing Functional Grammar remains the essential entry guide to Hallidayan functional grammar, for undergraduate and postgraduate students of language and linguistics.

English

The Grammar of the English Tense System forms the first volume of a four-volume set, The Grammar of the English Verb Phrase. The other volumes, to appear over the next few years, will deal with mood and modality, aspect and voice. The book aims to provide a grammar of tense which can be used both as an advanced reference grammar (for example by MA-level or postgraduate students of English or linguistics) and as a scientific study which can act as a basis for and stimulus to further research. It provides not only a wealth of data but also a unique framework for the study of the English tense system, which achieves great predictive and explanatory power on the basis of a limited number of relatively simple rules. The
framework provided allows for an analysis of the semantics of individual tenses which reflects the role of tenses not only in locating situations in time relative to speech time but also in relating situations in time relative to one another to form temporally coherent discourse. Attention is paid to the relations between tenses. On the one hand, we can identify sets of tenses linked to particular temporal areas such as the past or the future. These sets of tenses provide for the expression of a system of temporal relations in a stretch of discourse in which all the situations are located within the same temporal area. On the other hand, there are many contexts in which speakers might in theory choose between two or more tenses to locate a situation (e.g., when we choose between the past tense and the present perfect to locate a situation before speech time), and the book examines the difference that a choice of one or the other tense may make within a discourse context. The book moves from a detailed exploration of the meaning and use of individual tenses to a thorough analysis of the way in which tenses can be seen to function together as sets, and finally to a detailed examination of tenses in, and tenses interacting with, temporal adverbials. Original data is used frequently throughout the book to illustrate the theory discussed.

Grammatica Militans

Provides a different approach to grammar that is useful not only to teachers, but also to students who are concerned about correctness in their own writing. This text emphasizes how various forms can have the same functions. It is designed for courses in advanced grammar offered in English and Linguistics departments.

Grammar to Get Things Done

This fully updated and revised 4th edition offers plenty of practice with issues of capitalization, punctuation, basic grammar, sentence structure, organization, paragraph development, and essay writing.

Grammar Dimensions

An engaging guide to grammar, this book introduces linguistic theory and language acquisition research to language teachers.

Chinese: An Essential Grammar

The approach to language and grammar that motivates this book is unabashedly functional; grammar is not just a system of empty rules, it is a means to an end, an instrument for constructing concise coherent communication. In grammar as in music, good expression rides on good form. Figuratively and literally, grammar like musical form must make sense. But for the instrument to serve its purpose, it must first exist; the rules must be real, they can be explicitly described and taught. This book is intended for both students and teachers, at college level, for both native and nonnative speakers. With the guidance of a teacher this book will serve as a thorough introduction to the grammar of English. Volume I begins with words and their meanings, then on to propositions and simple state or event clauses – participant roles, verb types, transitivity, subjects and objects. It then covers the grammatical sub systems commonly found in simple clauses: Verbal inflections, auxiliaries and the grammar of tense-aspect modality and negation; articles determiners, pronouns and the grammar of referential coherence; the variety of noun phrases and noun modifiers.

American English Grammar
Introducing English Grammar

This well-illustrated book outlines a framework for the analysis of syntactic structure from a perspective of a systematic functional grammar. In part, the book goes back to the grammar's "scale and category" roots, but now with the aim of presenting how a descriptive framework illustrating how the analysis of the syntactic structure can reflect the meaning structure. The contents are divided into four sections. Section one gives a brief overview of systematic grammar, including the linguistic system, context of situation, and language fractions. Developing the lexicogrammar, section two considers formal units and their classes, but the principal focus is on section three, which covers the role of units as elements of structure. Section four discusses areas of structural complexity and concludes with several refinements to the analysis format.

GRAMMAR FORM AND FUNCTION. 3(TEACHER S MANUAL)(SECOND EDITION)

Introducing English Grammar introduces readers to the methodology and terminology needed to analyse English sentences. The approach taken is in line with current research in grammar, a particular advantage for students who may go on to study syntax in more depth. All the examples and exercises use real language taken from both standard and non-standard geographical areas and dialects, and include excerpts from Australian and British newspaper articles. Students are encouraged to think about the terminology as a tool kit for studying language and to test what can and cannot be described using these tools. This new edition has been fully updated and features: an expanded introduction; new texts and exercises that include data from social media; revised material on 'Grammar at work' and 'English worldwide'; more suggestions for further reading at the end of the book; a brand new companion website with extensive further reading and answers to the exercises, which can be found at www.routledge.com/cw/borjars. Written for readers with no previous experience of grammatical analysis, Introducing English Grammar is suited to anyone beginning a study of linguistics, English language or speech pathology, as well as to students whose interests are primarily literary but who need a better understanding of the structure of English.

A Course Book in English Grammar

The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical description. There are activities at each step, using authentic written and spoken data. Using 'real' texts avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences between descriptive, prescriptive and proscriptive approaches to the writing of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and nonstandard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

GRAMMAR FORM AND FUNCTION LEVEL 3 STUDENT BOOK

'Few people understand Grammar like Craig Shrives. Best of all, no one explains it so well and so easily.' - Chief Executive of Crimestoppers and former Director of the Intelligence Corps, Mark Hallas OBE Written by a former British Army officer (also the founder of the popular website Grammar
Smashing Grammar is both a go-to grammar guide and a primer for writing clear English. Smashing Grammar is divided into three sections: A-Z of Punctuation, A-Z of Grammar Essentials and A-Z of Easily Confused Words. Every entry starts with a simple explanation and some basic examples. These are followed by real-life, engaging examples, which have been painstakingly hunted down for their ability to illustrate the point. Every entry concludes with a 'Why Should I Care?' section offering great tips and advice and explaining why the grammar point matters to a writer. Imbued with 'barrack room' humour, the writing itself is entertaining and often laugh-out-loud funny, with thousands of sample quotations ranging from Groucho Marx and Homer the Simpson to Karl Marx and Homer the Greek.

Primary Grammar and Word Study: Ages 7-8

Language has always been the medium of instruction, but what happens when it becomes a barrier to learning? In this book, Jane Hill and Kirsten Miller take the reenergized strategies from the second edition of Classroom Instruction That Works and apply them to students in the process of acquiring English. New features in this edition include * The Thinking Language Matrix, which aligns Bloom's taxonomy with the stages of language acquisition and allows students at all levels to engage in meaningful learning. * The Academic Language Framework, an easy-to-use tool for incorporating language-development objectives into content instruction. * Suggestions for helping students develop oral language that leads to improved writing. * Tips for Teaching that emphasize key points and facilitate instructional planning. Whether your students are learning English as a second language or are native English speakers who need help with their language development, this practical, research-based book provides the guidance necessary to ensure better results for all.

The Grammar Book

Linguistic mismatch phenomena involve semiotic functions that attach to forms in defiance of grammatical design features. Noun phrases, when used as predicates, provide one example: how do predicate nominals correspond to our theories of what nouns mean? How do such phenomena challenge traditional conceptions of grammar? How do competing theories of the syntax-semantics interface stand up when confronted with mismatch phenomena? Mismatch addresses these questions through the efforts of some of the most original thinkers in syntactic and semantic theory, exploring a wide variety of mismatch phenomena in a broad sampling of languages.

Grammar Form and Function 3B Work Book

The theoretical issues addressed in the present volume are semantic and cognitive properties of reciprocal events, syntactic properties of reciprocals, and the relationship of reciprocals to other grammatical categories. Several papers discuss the history of reciprocal constructions, offering alternative hypotheses regarding the grammaticalization of reciprocals. The formal, functional, typological and historical approaches in the present volume complement each other, contributing together to the understanding of forms, and syntactic and semantic properties of reciprocal markers. Several papers in the present volume make a double contribution to the problems of reciprocal constructions: they provide new descriptive data and they address theoretical issues at the same time. The languages discussed include: English, Dutch, German, Greek, Polish, Nyulnyulan (Australia), Amharic (Ethio-Semitic), Bilin (Cushitic), Chadic languages, Bantu, Halkomelem (Salishan), Mandarin, Yukaghir and a number of Oceanic languages. The volume also includes a study of grammaticalization of reciprocals and reflexives in African languages.

Swedish: An Essential Grammar

The Grammar Book introduces teachers and future teachers to English grammatical constructions. This highly acclaimed text, used both as a course
book and as a grammar reference guide, is suitable for all teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.

**Smashing Grammar**

This fully revised second edition of Swedish: An Essential grammar incorporates the changes proposed to the Swedish grammar by Svenska Akademiens Grammatik. All examples have been fully updated, the bibliography has been expanded and a number of tables clarified. Swedish: An Essential grammar provides a fresh and accessible description of the language. It is suitable for independent study or for class-based students. The explanations are free of jargon and emphasis has been placed in the areas of Swedish that pose a particular challenge for English-speaking learners.

**English Grammar**

Offers elementary teachers advice and strategies to help them teach, apply, and understand English grammar while still adhering to state and school standards.

**How to Write a Sentence**

Modern Mandarin Chinese Grammar Workbook is a book of exercises and language tasks for all learners of Mandarin Chinese. Divided into two sections, the Workbook initially provides exercises based on essential grammatical structures, and moves on to practice everyday functions such as making introductions, apologizing and expressing needs. With an extensive answer key at the back to enable students to check on their progress, main features include: exercises at various levels of challenge for a broad range of learners cross-referencing to the related Modern Mandarin Chinese Grammar a comprehensive index to exercises alphabetically arranged in terms of structures, functions, and key Chinese structure vocabulary. This second edition also offers a revised and expanded selection of exercises including new task-based exercises. Modern Mandarin Chinese Grammar Workbook is ideal for all learners of Mandarin Chinese, from beginner to intermediate and advanced students. It can be used both independently and alongside the Modern Mandarin Chinese Grammar (978-0-415-82714-0), which is also published by Routledge.

**Halliday's Introduction to Functional Grammar**

Grammar Form and Function 3B 워크북(Workbook). Grammar Form and Function의 학습자용은 한국어로 출간되었으며, 3B 편을 통해 학습자를 위한 워크북으로 추가 연습 문제들을 제공한다. 모든 문법 포인트의 형식과 기능을 확실하게 숙지할 수 있는 다양한 형식의 문제들을 포함하고 있다. (영어원서/페이퍼백)

**Introducing Functional Grammar**

The Blue Book of Grammar and Punctuation is filled with easy-to-understand rules, real-world examples, dozens of reproducible exercises, and pre- and post-tests. This handy workbook is ideal for teachers, students in middle school through college, ESL students, homeschoolers, and professionals. Valuable for anyone who takes tests or writes reports, letters, Web pages, e-mails, or blogs, The Blue Book offers instant answers to everyday English usage questions.
Cambridge Learner's Dictionary with CD-ROM

Fully updated and revised, this fourth edition of Halliday's Introduction to Functional Grammar explains the principles of systemic functional grammar, enabling the reader to understand and apply them in any context. Halliday's innovative approach of engaging with grammar through discourse has become a worldwide phenomenon in linguistics. Updates to the new edition include: Recent uses of systemic functional linguistics to provide further guidance for students, scholars and researchers More on the ecology of grammar, illustrating how each major system serves to realise a semantic system A systematic indexing and classification of examples More from corpora, thus allowing for easy access to data Halliday's Introduction to Functional Grammar, Fourth Edition, is the standard reference text for systemic functional linguistics and an ideal introduction for students and scholars interested in the relation between grammar, meaning and discourse.

Form and Function in Language Research

This new edition of Chinese: An Essential Grammar is an up-to-date and concise reference guide to modern Chinese (Mandarin) grammar. Refreshingly jargon free, it presents an accessible description of the language, focusing on the real patterns of use today. This Grammar aims to serve as a reference source for the learner and user of Chinese, irrespective of level, setting out the complexities of the language in short, readable sections. Features include: A new chapter on paragraph development Chinese characters, as well as the pinyin romanization, alongside all examples Literal and colloquial translations in English to illustrate language points detailed contents list and index for easy access to information A glossary of grammatical terms It is ideal either for independent study or for students in schools, colleges, universities and adult classes of all types.

Grammar Alive!

Primary grammar and word study is a series of seven books designed to introduce students to parts of speech, ways to understand and choose words, punctuation and figures of speech. Included are teachers notes, English curriculum links and literacy character explanations as well as checklists.

The Uses of Grammar

Dependency-based methods for syntactic parsing have become increasingly popular in natural language processing in recent years. This book gives a thorough introduction to the methods that are most widely used today. After an introduction to dependency grammar and dependency parsing, followed by a formal characterization of the dependency parsing problem, the book surveys the three major classes of parsing models that are in current use: transition-based, graph-based, and grammar-based models. It continues with a chapter on evaluation and one on the comparison of different methods, and it closes with a few words on current trends and future prospects of dependency parsing. The book presupposes a knowledge of basic concepts in linguistics and computer science, as well as some knowledge of parsing methods for constituency-based representations. Table of Contents: Introduction / Dependency Parsing / Transition-Based Parsing / Graph-Based Parsing / Grammar-Based Parsing / Evaluation / Comparison / Final Thoughts

Grammar

Through clear and comprehensive grammar explanations, extensive practice exercises, and lively communicative activities, Grammar dimensions
provides students with the language skills they need to communicate accurately, meaningfully, and appropriately.

Grammar Form and Function 시리즈 2단계 워크북(Workbook). Grammar Form and Function은 중고등학생용 문법교재로서 Form과 Function이라는 항목으로 구분되어 있어서 학습자가 한 눈에 알아보기 쉽고 표가 사용되어 문법적 요소들의 기능을 빨리 이해할 수 있습니다. (영어원서/페이퍼백/가로 21.7cm x 세로 27.5cm)

**Form and Function in Greek Grammar**

This book presents a form-function mapping (FFM) model for balancing language and content gains within content-based language teaching (CBLT). It includes a theoretical part, which outlines the FFM model and, drawing on the analysis of eclectic teaching methods and interlanguage restructuring, proposes pedagogical tools for its implementation. These tools, which encourage mapping of language forms onto content knowledge, are hypothesized to facilitate interlanguage restructuring, thus helping CBLT learners in their struggle with L2 morpho-syntax. The empirical section presents the results of a quantitative–qualitative study conducted among adult L1 Polish learners of English in a CBLT context. It then goes on to translate the findings, which reveal that the FFM model has a positive and significant influence on interlanguage restructuring as well as a favorable reception among CBLT learners, into a set of pedagogical guidelines for practitioners.

**Classroom Instruction that Works with English Language Learners**

In Grammar Form and Function, high-interest photos provide a visual context for learning and retaining new vocabulary and grammar Grammar Form and Function is a three-level series designed to ensure students success in learning grammar. This is the level 3 student book.

**Syntax in Functional Grammar**

“Like a long periodic sentence, this book rumbles along, gathers steam, shifts gears, and packs a wallop.” —Roy Blount Jr. “Language lovers will flock to this homage to great writing.” —Booklist Outspoken New York Times columnist Stanley Fish offers an entertaining, erudite analysis of language and rhetoric in this delightful celebration of the written word. Drawing on a wide range of great writers, from Philip Roth to Antonin Scalia to Jane Austen and beyond, Fish’s How to Write a Sentence is much more than a writing manual—it is a penetrating exploration into the art and craft of sentences.

**The Grammar of the English Tense System**

Ideal for PET and FCE preparation Packed full of useful study extras, the Cambridge Learner's Dictionary helps you on your way to becoming a confident, natural English speaker. With clear definitions, written especially for intermediate level students, and thousands of examples that put the language into context, this dictionary is an invaluable companion, whether you are learning English for work or pleasure, or preparing for an exam. The best bits of the dictionary * NEW! Improved and expanded study pages include the innovative 'Talk' section, focussing on conversation, and how people really speak in day-to-day situations. * NEW! Word Partner boxes show how words are used together, helping you develop natural sounding English. * NEW! Special 'new words' section focuses on the latest words to enter the English language, ensuring that the language you learn is always up to date. * NEW! Thesaurus boxes make your English sound more natural by providing alternatives to over-used words, helping you to

widen your vocabulary. * Learner Error notes taken from the Cambridge Learner Corpus - based on real student errors from Cambridge ESOL papers - help you to avoid typical mistakes. The Cambridge Learner's Dictionary CD-ROM includes the whole dictionary in a handy searchable format and much more, too! You can listen to every word in British and American English - and even record yourself for comparison. The best bits of the CD-ROM * UNIQUE! SMART thesaurus helps build vocabulary and allows you to create topic-related word lists at the click of a button. * QUICKfind, a mini pop-up version of the dictionary, lets you look up words as you work with no effort. * Hundreds of interactive vocabulary practice exercises - to use on-screen, or print out for classroom use - help you to monitor your progress.

**A Midsummer-night's Dream**

This volume brings together twenty papers by Albert Rijksbaron, a leading scholar of Ancient Greek, dealing with central topics in Greek linguistics such as tense-aspect, mood, voice, particles, negation, the article, questions, discourse analysis and the views of ancient grammarians.

**Grammar Form And Function. 2 (WORKBOOK)**

This volume brings together twenty papers by Albert Rijksbaron, a leading scholar of Ancient Greek, dealing with central topics in Greek linguistics such as tense-aspect, mood, voice, particles, negation, the article, questions, discourse analysis and the views of ancient grammarians.

**Modern Mandarin Chinese Grammar Workbook**

In Grammar Form and Function, high-interest photos provide a visual context within the grammar charts for learning and retaining new vocabulary and grammar. FEATURES: Flexible approach to grammar instruction integrates study of new structures (form) with information on how to use them and what they mean (function). High-interest photos contextualize new grammar and vocabulary and reinforce student recall. Comprehensive grammar coverage ensures thorough and effective presentation of all basic structures. Extensive practice guides students to accurate production and fluent use of new grammar. Your Turn Activities encourage students to draw from personal experiences and practice grammar in natural conversations. Writing Assignments incorporate grammar into step-by-step tasks for a variety of writing purposes, such as narrating and describing. Self-Tests and Unit Quizzes offer multiple assessment tools in both print and Web formats. Companion Website activities develop real-world listening skills.

**Syntactic Structures**

CO-PUBLISHED BY ROUTLEDGE AND THE NATIONAL COUNCIL OF TEACHERS OF ENGLISH Grammar to Get Things Done offers a fresh lens on grammar and grammar instruction, designed for middle and secondary pre-service and in-service English teachers. It shows how form, function, and use can help teachers move away from decontextualized grammar instruction (such as worksheets and exercises emphasizing rule-following and memorizing conventional definitions) and begin considering grammar in applied contexts of everyday use. Modules (organized by units) succinctly explain common grammatical concepts. These modules help English teachers gain confidence in their own understanding while positioning grammar instruction as an opportunity to discuss, analyze, and produce language for real purposes in the world. An important feature of the text is attention to both the history of and current attitudes about grammar through a sociocultural lens, with ideas for teachers to bring discussions of language-as-power into their own classrooms.
Mismatch

Features include: --

Grammar Form and Function

Form-Function Mapping in Content-Based Language Teaching

American English Grammar introduces students to American English in detail, from parts of speech, phrases, and clauses to punctuation and explaining (and debunking) numerous "rules of correctness," integrating its discussion of Standard American grammar with thorough coverage of the past sixty years' worth of work on African American English and other ethnic and regional non-Standard varieties. The book's examples and exercises include 500 real-world sentences and longer texts, drawn from newspapers, film, song lyrics, and online media as well as from Mark Twain, Stephen King, academic texts, translations of the Bible, poetry, drama, children's literature, and transcribed conversation and TV and radio shows. Based on twenty years of classroom testing and revision, American English Grammar will serve as a classroom text or reference that teaches students how to think and talk not only about the mechanics of sentences but also about the deep and detailed soul and nuance of the most widely used language in human history.

Dependency Parsing

The go-to guide for perfecting your grammar and communication skills in every situation English teachers aren't the only ones who expect careful and correct language choices. Precision in language can be the deciding factor when it comes to getting a job or winning a promotion. Whether your skills need drastic improvement or a quick brush-up, The McGraw-Hill Handbook of English Grammar and Usage will get your grammar back on the right track. Written by two expert grammarians, the book provides bottom-line definitions, tips, and simple rules that summarize the essentials you need to know. You'll find clear examples of usage and as well guidance on communication via text, email, and social media. The new, third edition of The McGraw-Hill Handbook of English Grammar and Usage features: •Straightforward explanations of common mistakes and why they happen•Hundreds of correct and incorrect sentence examples, with errors clearly marked•Quick tips for fixing your most stubborn grammatical mishaps•Canny memory aids for writing correctly the first time, and more
